

1 产品概述 Product Summarize

用于交流操作回路中，作为扩大主保护继电器的控制范围或提高触点容量之用。

电磁式动作原理, 固定安装在垂直的屏板上, 可以前接线或后接线, 订货时须指明。

This series are applying for AC operation loops to enlarge the controlling range of main protective relay or improve contact capacity.

This series adopt electromagnetic operating type. The relay can be installed fixedly on vertical plate, and can be front wiring or back wiring.

2 主要技术参数 Main Technological Parameter

额定电压(V) Rated voltage (V)	100,110,127,220(50Hz)
触点形式 Contact type	2 动合,2 转换 2 move to match, 2 move to break
触点容量(VA) Contact capacity (VA)	接通 Connect 1000
	断开 Break 450
动作时间(s) Operating time (s)	≤ 0.05
功率消耗(VA) Power consumption (VA)	Rated voltage 额定电压下 ≤ 6
寿命 Life	10 万次
重量(kg) Weight (kg)	0.6

3 安装开孔尺寸、接线图 Mounging plate opening size,Wiring drawing
